The Super 2275cc crate engine with 100% NEW parts is the top of the line! This engine is very similar to the 2187cc with an upgraded Forged Chromoly 82mm stroker crankshaft. Because the 2275 includes the stroker version 94mm pistons, with the relocated wrist pins, the 2275 is the same width as a 1600 stock engine which makes it fit well in most engine bays. 1961 VW Bug project No rust has been hit in front end, has been straightened 90% complete just missing back seat, bumpers, 1 headlight has rebuilt 1600 dual port new alternator new carburetor new...
